Subject: RAL/2026/4480 - Request to Extend Info Response Period

[External Email] This email was sent from outside the organisation - be cautious, particularly with links and attachments.

Hi James,

I am aware that the info response period ends for this application on 18 September. In order to facilitate our meeting booked in for Monday 12 October, I would like to request an extension to the applicant's response period until Friday 30 October 2026 please. This will enable us to consider the outcomes of the meeting and arrange amended information to respond to the issues raised.

Kind regards,
Jess
