Privacy collection notice

The personal information in this form is collected by Toowoomba Regional Council as part of its consideration of the issues raised in the submission. For impact assessable applications, the personal information in this form will be used to notify submitters about the Council's decision regarding the development application, in accordance with the [Planning Act 2016](#).

Form introduction

Provide support, comment or objection to a development application submitted to Toowoomba Regional Council.

After submission you may be notified of the outcome of the relevant development application.
If your submission is a 'properly made submission' under the [Planning Act 2016](#), you may have certain appeal rights in the Planning and Environment Court.

This submission, including personal contact information, will be lodged and publicly available at Development.i under the relevant development application in accordance with the [Right to Information Act 2009](#) and the [Evidence Act 1977](#).

I understand my submission, including personal contact information, will be lodged and publicly available at Development.i.

Do you agree with the declaration (required answer)? I agree with the declaration

Submitter details

First name	Ernest
Last name	Loughlin

Your residential address

Street address 580 Bridge St

Suburb	Torrington
State	QLD
Postcode	4350

Is your postal address the same as the residential address?

Yes

Application details

Address of application

Street address	Rielly Road
Suburb	Torrington
State	QLD
Postcode	4350
Application number	MCUI/2026/3818

Submission details

Information about grounds for a submission, can be [found on our website](#).

What is your position on the development application?	Object
State your grounds, and the facts and circumstances relied on to support the submission.	I own land fronting Reilly St (Marked Reilly Rd on the development advertising signs) on the eastern side. The scale of this steel warehouse and distribution centre is approx 2000 sqm of floor area and 11 m of height. This represents the potential to receive and distribute a very significant volume of product. The site is designed to handle semi-trailer access. The majority of these heavy vehicles will access the site via Reilly St. Heavy vehicles attending the site travelling from Toowoomba or from the Toowoomba by-pass via Boundary Rd will approach the development traveling down the left hand lane of Reilly St. The development and the nature of the proposed business to be operated from it is likely to generate a significant number of vehicles. According to the operational works approved plans for the subdivision, the left hand lane of Reilly St (eastern side) is not and will not be completely formed and kerbed as part of the

subdivision works. I wish to object to this scale of development being approved without the development being conditioned to require that the left hand lane of Reilly St be fully formed, sealed and kerbed thru to the southern side of the proposed Endeavour way intersection. I object to this development being allowed to proceed if this is not the case as a significant volume of Traffic travelling down the left hand lane of Reilly St if it is not completely formed and kerbed will generate excessive dust and vehicle wear and tear to the un-kerbed road shoulder.

Attach any documentation in support of the grounds raised in your submission.
