Submission details

Information about grounds for a submission, can be [found on our website](#).

What is your position on the development application?	Object
State your grounds, and the facts and circumstances relied on to support the submission.	We live in Brim St which is a no through street and already have issues accessing and leaving our street with traffic congestion on Bridge St, It was worse when these properties were trading as shops recently as people were parking right on both corners of Brim St which is narrow and made access difficult. We think having a child care centre there will make access even worse with

people dropping off and picking up children during peak periods. It will be also on busy Bridge St and opposite the Gowrie Rd Hotel and the 7/11 service station which raises safety concerns. We think they're will be more car accidents in Bridge St near the West St intersection with the extra traffic disruptions.

Attach any documentation in support of the grounds raised in your submission.
