Re: Application Ref: MCUI/2021/3730

We have received from our neighbours Peter and Catherine Young a notice by registered mail that they propose to use the property at 228A Campbell Street, Newtown which is adjacent to ours for the purpose of short term accommodation.

We understand that this will allow the letting of the property on a regular basis to various tenants for short term periods.

We advise that we have no objection to the development approval sought in respect of the above property.

Yours faithfully,

David Walter Hickson

Jacoba Louise Peereboom
