General Advice:

- Ergon's referral response is limited to the management of impacts on electrical infrastructure within its referral jurisdiction and does not assess or confirm electricity supply, network capacity, or connection requirements; proponents must undertake a separate connection enquiry via Ergon's Customer Portal to initiate investigations and obtain formal advice and approvals relating to network connections.

See the 'considerations when developing around electricity infrastructure' section of our website www.ergon.com.au/referralagency

- Compliance with the Electrical Safety Act 2002, including any Code of Practice under the Act and the Electrical safety Regulation 2013 including any safety exclusion zones defined in the Regulation is mandatory

Should any doubt exist in maintaining the prescribed clearance to the overhead conductors and electrical infrastructure then the applicant is obliged under the Act to seek advice from Ergon.

- Any costs incurred by Ergon as a result of the works on the easement are to be met by the property Developer / owner.
- This response does not constitute an approval to commence any works within the easement. Consent to commence works relevant to the conditions of the easement is required. All works on easement (including but not limited to earthworks, drainage and detention basins, road construction, underground and overhead services installation) require detailed submissions, assessment, and consent (or otherwise) by Ergon.
- All works proposed to be undertaken in close proximity to overhead or underground electrical lines are to be undertaken in accordance with Ergon's Works Practice Manual WP1323. This document refers to various standards, guidelines, calculations, legal requirements, technical details, and other information relevant to working near high voltage infrastructure. A copy of WP1323 can be found online via Ergon's document library ([Document library | Ergon](#)).

Should you require any further information on the above matter, please contact Tammara Scott on 0492 137 878 or via email at townplanning@ergon.com.au.

Yours faithfully,

Tammara Scott
